

Instructions for abstract preparation for LONDON 2019 Conference

J.L. First¹, P.L. Second², J.C. Third²

¹Department of Chemistry, University of Somewhere, City, Region, Postcode, Country

²Department of Chemical Physics, University of Elsewhere, City, Region, Postcode, Country

Keywords: first, second, third, fourth.

Presenting author email: j.first@somewhere.edu

The abstract should be normally two pages. Use A4 page set-up and make all margins (top, bottom, left, right) 25 mm wide. Use **10 pt Times New Roman font** (except for the title which should be in 12 pt bold). Centre the title, the authors' names, the addresses and keywords and contact email address. Please compose a title that clearly and succinctly describes the content of your work in order to maximise its impact.

Start each paragraph, except the first, with an indent. Justify the body of the text both left and right. Do not use page numbers. Uniformity of abstract style makes the work much easier to digest!

Use clear English to write your abstract, with an emphasis on describing what is new and why it should attract the attention of the audience.

Figures can be in colour or in black and white. Ensure that Figures and Tables have a caption and that they are numbered consecutively.

Table 1. Comparison between theoretical predictions and experimental measurements.

Month	Measured Mass (kg)	Predicted Mass (kg)
January	0.4	121
June	2.4	200

References should be made in the style (Dickenson, 2005), Marr and Morrissey (2010) or as Curtis *et al* (1996). Leave a blank line above the list of references, and also above the acknowledgements.

Section headings can be used, but they do take up valuable space: the same can be said of equations.

Abstract review

The abstracts will be reviewed by members of the Scientific Committee of LONDON 2019 Conference.

The abstract should be submitted in **word or pdf format** via the website: <http://conference.intcatch.eu/abstract-submission>. The deadline for abstract submission is **1st April 2019**.
